

# SCAVENGER HUNT

## October 4-18, 2020

**Directions:** Plan a time when you can take a leisurely stroll in nature. Each participant should have their own checklist with them, maybe on a clipboard, as well as a pencil. Spread out while you explore so that everyone can find the objects independently. The parent in charge can decide if you need to show them each object before you check it off the list. Please try to leave nature as you found it, without disturbing animals or breaking plants.

Find TEN OR MORE objects for a prize from Pastor!

Object	✓
An acorn	
A leaf that has turned color
